
A specialist school

YarraMe School is a Victorian State Government Department of Education and Training (DET) specialist school that exclusively addresses the educational needs of 'at-risk students' with significant social, emotional and behavioural challenges.

The students referred to us are in a state of crisis, exhibiting individual or a combination of educational, behavioural, social or emotional problems.

Secondary Consultation
Service

Secondary Consultations

The YarraMe Special Education Consultant assists schools in developing a clear formulation of a student through the development of a behavior and learner profile.

Yarra Me School Secondary Consultation can assist with:

- better understanding student behaviours of concern
- one-off 'case based' discussions
- discussion of a pathway for the school/family to seek formal diagnosis
- discussion about behavioural support approaches
- advice on classroom environments
- providing targeted resources
- professional advice about capacity building within the school team or classroom

Secondary Consultations are time-limited.

Please refer to our other outreach services should longer term support be required:

<https://www.yarrame.vic.edu.au/outreach.html>

Service Areas

Please note that this service is currently limited to state primary schools located in the North Western Victoria Region (NWW)

Response Time

Every effort will be made to ensure a timely response for the consultation to take place at your school. However this will be dependent on the current demands on the service.

Case Conference and Confidentiality

Schools can provide information about students as de-identified or with parent or caregiver consent

Requests and contacts

- o Initial contact is made directly to the YarraMe School Principal
- o Requests for the secondary consultation service needs to be made by primary school principals and/or a representative from DET NWW Regional Office.
- o An online request form must be completed <https://www.yarrame.vic.edu.au/secondary-consultation.html>
